

## OUR CORE VALUES

As a church we fulfill those two commands by accomplishing the five key tasks that Jesus Christ ordained for His followers. These tasks will constitute our core values as we will endeavor to..

**WORSHIP:** Believing that Worship is the ultimate issue of the universe and the ultimate priority of every believer we will fulfill the first part of the Great Commandment to love the Lord our God with all our hearts, mind and strength by making a priority of celebrating the presence of God in all that we do.

**FELLOWSHIP:** Believing in the value of belonging to community of faith we will seek to obey the great commission of baptizing believers into a new community of faith and will seek to incorporate everyone into God's family through the biblical means of fellowship.

**DISCIPLESHIP:** Believing that a church must obey the command of our Lord to teach believers to be faithful stewards of their possessions and talents we seek to make a priority of educating God's people in the commands of the Lord in order that we may become fully devoted followers of Jesus Christ.

**SERVICE:** Believing in the Great Commandment to love our neighbor as ourself we endeavor to demonstrate God's love by serving others in all that we do. Following in the footsteps of our Lord we seek to place the highest priority on serving others needs before ourself.

**WITNESS:** Believing that we must obey the Great Commission to go into all the world with the Gospel message we understand that the priority of our existence is to communicate this message of hope to everyone beginning in Claxton and reaching to the uttermost parts of the Earth.
